LPPSR Cultural Resources Protection Committee

Job Application

The Lone Pine Paiute-Shoshone Reservation will be working with Great Basin Unified Air Pollution District on a dust mitigation project in the Keeler Dunes. We are looking for self-motivated, creative thinking, and hard-working people who want to get involved with environmental restoration and promoting traditional ecological knowledge. **No previous experience is required.**

As of now, the job will consist of a few days in January, followed by continued work in the summer and fall. The LPPSR is involved in several other projects that will also need qualified people in the future.

Please answer the following questions as complete as possible. Feel free to write on the back of these pages or attach other sheets.

Name ____________________________________________

Contact Info ______________________________________

__________________________________________________________________________

1. Are you an enrolled Tribal member in a local Tribe?
